1. RESIDENTIAL USE. To insure a fine residential neighborhood, no building shall be erected or altered nor shall any major improvement--including small additions such as utility rooms which additions must be attached to the building, and including docks--be made to the lot(s) until a complete site plan and working drawings are submitted to and approved in writing by Island Park Corporation. Such approval or disapproval can be based on any ground including aesthetic conformity.

2. SINGLE DWELLING. Only one detached single family dwelling shall be erected on each lot for residence by one private family. This shall not prevent an owner of a dwelling from renting said property for residential use.

3. DIVISION OF LOTS. No lots shall be subdivided except to be added, in whole or in part, to an adjoining lot or lots.

4. SETBACK LINES. Minimum building setbacks from lot boundaries shall be in accordance with specifications for the County of Lee.

21. RIGHTS OF GRANTOR. Grantor reserves the right to itself, its agents, employees or its contractors or subcontractors to enter upon the land covered by these covenants for the purpose of installing any sewer or water lines. Grantor agrees to restore said property to its condition at the time of such entry and shall have no further obligation to the Grantee.

22. VALIDITY OF COVENANTS. These covenants shall run with the land and shall be binding on all parties and all persons claiming under them for a period of 30 years from the date these covenants are recorded, after which time they shall be extended automatically for successive periods of 10 years unless an instrument signed by all of the then owners of the lots has been recorded agreeing to change the restrictions in whole or in part.

23. ENFORCEMENT. Enforcement shall be by action at law against any person or persons violating or attempting to violate any covenants, either to restrain violation or to recover damages. Failure to enforce any of the foregoing restrictions shall not be deemed a waiver of the right to do so thereafter.

At the time Island Park Corporation no longer owns any lots in the hereinabove described Unit, the Corporation shall have no right nor obligation to enforce these restrictions. These covenants shall run with the land and any lot owner may enforce these restrictions.

GRADING PLAN
ISLAND PARK WOODLANDS, UNIT "A"

Grading Specifications for Lots in Island Park Woodlands,
Unit "A" Subdivision per Declaration of Restrictions:

Below is a Typical Section for the grade at each lot line. The house is to be built so that the floor will be at least 16" above the road. The driveway may slope to the road edge without any dip; however, a slight dip may be graded if desired. All drainage is to be away from the house and sloping to the lot line grades at the sides, to the street in front, and to the waterway or drainage swale in the rear. The owner may vary the front and rear configurations but the side drainage must not be changed. This grade plan is to provide maximum rain water absorption.
